SPO Price List No. 01-31 (Oahu Only)

Includes Change Nos. 1 and 2

Revised 2/21/03

MEDICAL AND INDUSTRIAL GASES

(IFB-01-064-O)

April 1, 2001 through March 31, 2004

STATE'S COMMITMENT. Agencies of the following purchasing jurisdictions are required to purchase from this price list.

- Executive Branch
- Department of Education
- University of Hawaii
- Judiciary

EXCEPTION TO THE PRICE LIST. When the use of the price list is not suited to an agency's purpose, the appropriate purchasing jurisdiction may grant an exception to purchase outside of the price list. For this purpose, Executive Branch agencies shall use SPO Form-5, "Request for Authorization to Purchase Outside of the Price List", available at the SPO Website, www.spo.hawaii.gov; click on "Forms".

POINT OF CONTACT. Questions regarding the services listed herein, ordering, pricing, and status should be directed to the vendor.

Procurement questions or complaints may be directed as follows:

4/1/01 through 3/31/04

mutually agreed upon. A price list vendor may choose to deny participation by a nonprofit. Provided, however, if a nonprofit and price list vendor mutually agree to this arrangement, it is understood that the nonprofit will retain its right to purchase from other than a price list vendor.

ORDERS for Medical and Industrial Gases listed herein are to be placed with the following vendors.

<u>Vendor</u>	<u>Address</u>	<u>Telephone</u>	<u>FAX</u>
Air Liquide America Corp.	91-163 Hanua Street Kapolei, HI 96707	682-2121	682-2105

*Contact person for orders: Cathy May

VENDOR CODE for annotation on purchase orders is obtainable from the "Alphabetical Vendor Edit Table Report" available at your department's fiscal office. Agencies are cautioned that the remittance address on invoice may be different from the address of the vendor code annotated on the purchase order. Therefore, make sure when processing an invoice for payment that the correct vendor code is used.

UNIT PRICES include delivery to destination and all other costs, **except** the Hawaii General Excise Tax, currently (4%). Agencies are advised to add the amount of the tax to their purchase order total.

PURCHASE ORDER shall contain the following information:

1. **SPO Price List No. 01-31**
2. Vendor Code
3. Item No., Cylinder ID #
4. Delivery instructions (to include location, special requirements, etc.)
5. Name and telephone number of requisitioner.

FREON. Freon R-11 and R-12 were eliminated from the State Procurement Office price list because these types of Freon are no longer manufactured after 1995. You can continue to reuse your existing supply of Freon but you will not be able to purchase any new Freon 11 or 12.

Freon R-22 is included on the attached price list, but keep in mind that this type of Freon will be phased out by the manufacturers as of the year 2005.

DEMURRAGE CHARGES. The free loan period for supplier-owned cylinders or containers is 30 calendar days after delivery. For each day after the free loan period, the demurrage charge shall be \$.25/cylinder for Gaspro, and \$.27/cylinder for Air Liquide. State agencies shall not be required to place a deposit with the Contractor when purchasing refrigerant gas (Freon).

Demurrage charges will start the day after the free loan period. Demurrage charges stop the day after the Contractor is notified by the agency to pick up the cylinders, regardless of when the cylinders are actually picked up by the Contractor.

DAILY RENTAL CHARGE for Supplier-Owned VGL containing Liquid Nitrogen shall be \$1.80 per day per VGL for Gaspro. There is no free loan period for this item.

HYDROSTATIC TESTING of State-owned cylinders will be provided by Gaspro for \$25.89/cylinder and by Air Liquide for \$28.00/cylinder.

LOST, MISPLACED, LEAKING OR DAMAGED BEYOND REPAIR SUPPLIER-OWNED CYLINDERS:

State agencies will be charged for each cylinder at the costs listed on Price List.

In the event the Contractor delivers a supplier-owned cylinder that has a leak or is in any other way defective, the Contractor shall be responsible to deliver a completely filled replacement cylinder within twenty-four (24) hours after notification by the agency.

LOST, MISPLACED, OR DAMAGED BEYOND REPAIR STATE-OWNED CYLINDERS:

Agency will be notified immediately and Contractor will replace cylinder within three (3) working days.

VALVE REPAIRS AND/OR REPLACEMENTS for all State-owned cylinders shall be done only after proper approval from the ordering agency has been obtained by the contractor. Such repair and/or replacement of valves shall be listed separately on the invoices.

VOLUME OF GAS refilled may not amount to the exact cubic feet as ordered. When ordering gases other than liquids and refrigerant gas, agencies are advised to include a plus or minus (\pm) symbol next to the quantity ordered. The total cubic feet will be filled, plus or minus ten percent, and the agency will be billed accordingly by the Contractor.

When refilling State-owned cylinders, agencies must request that the whole cylinder be refilled (i.e. If a 150 cubic foot cylinder is being refilled, the agency cannot request that only 100 cubic feet of the cylinder be filled.)

CYLINDER ID NUMBER. The ID Number for all State-owned and supplier-owned cylinders shall be listed on the purchase order(s) issued by State agencies. The Contractor shall be responsible for including the cylinder ID Number on the delivery/pick up slip and on the invoice in order to enable better tracking of cylinders.

DELIVERY. Contractor shall deliver all items in satisfactory condition to the designated room or area as directed by the ordering agency. There will be no pick and/or delivery on Saturday, Sunday or State holiday.

Excluding the exceptions listed below, the following delivery provisions shall apply:

1. Regular Delivery. Supplier-owned cylinders: All gases shall be delivered within six (6) working days after receipt of purchase order(s). State-owned cylinder: Shall be picked by Contractor within six (6) working days after receipt of purchase order(s); filled cylinder shall be returned within six (6) working days after pick up.

Price List No. 01-31 (Oahu Only)
4/1/01 through 3/31/04

2. Special Delivery: Special Delivery shall apply to supplier-owned cylinders only. If an agency requests special delivery, they must call in their order by 12:00 noon and the Contractor shall deliver the order on or before 4:00 P.M. the following day at the Special Delivery Charge per order of \$55.00 for GASPRO and \$65.00 for Air Liquid.
3. Will Call: If requested by an agency, supplier-owned cylinders only shall be made available on a will call basis within four (4) hours after the order is called in to the Contractor. Will call shall be provided at no additional cost to the State.

EXCEPTIONS TO DELIVERY:

1. Acetylene and Mixed Gases: Cylinders for these gases shall be delivered within eleven (11) working days after receipt of purchase order(s) of State-owned cylinders. The Contractor shall pick up State-owned cylinders within six (6) working days after receipt of purchase order(s).
2. Specialty Laboratory Gases:
 - a. Items 21 through 35. If requested by an agency, the Contractor shall deliver supplier-owned cylinders containing Specialty Laboratory Gases within three (3) calendar days after the order is placed, at no additional charge to the State.

If at all possible, the agency will give the Contractor two (2) weeks notice prior to requesting these expedited delivery times for Specialty Laboratory Gases.
 - b. Items 32 through 35. Contractor shall deliver supplier-owned Calibration Gas Mixture(s) within forty-five (45) calendar days after receipt of purchase order(s).

If requested by the agency, the Contractor shall deliver the order(s) by express delivery from continental United States to arrive at destination within thirty (3) calendar days. The express delivery charge shall not exceed \$350.00 per cylinder. Contractor, Gaspro, will invoice the State the actual cost of express delivery; a copy of the express carrier's invoice will be furnished to verify the charge.
 - c. Items 21 through 35. The charge per order to an agency requiring next day delivery in Honolulu area is \$55.00.
3. Special Delivery and Will Call as stated above shall apply to Acetylene, Mixed Gases, and Specialty Laboratory Gases only if the type of gas being requested is in stock at the Contractor's facility at the time of the request.

VENDOR EVALUATION form should be used to report complaints or commendations; a form is attached for your convenience. Agencies are encouraged to use the form whenever appropriate. Completed form(s) may be mailed or facsimiled to the State Procurement Office, facsimile number 808/586-0570.

In the event a complaint regarding a vendor's product or performance is filed, the agency may request a meeting with the vendor at the agency's place of business to resolve the problem. This meeting should take place within one week of the complaint.
